

# AMIGOS Community Impact Project

Cultural  
Immersion

Amigos

Take action in your own community! Connect with globally-minded students around the Americas while you figure out how to address needs related to COVID-19 in your own community. Design and implement ethical, meaningful service projects shaped through cross-cultural collaboration. This innovative initiative enables you to channel your energy into working with other young leaders across the U.S. and Latin America. You'll create projects that address our most pressing issues during this global crisis and you'll build a network of like-minded individuals committed to creating positive change.
