

# The Fellowship Initiative (TFI)

The Fellowship Initiative's mission is to help young men acquire the skills, knowledge, experience, networks, and other resources that need to succeed academically and professionally. TFI provides comprehensive and hands academic, social and emotional support to young men of color in high school. TFI's core programming extends three years. Over the three years, TFI fellows meet on three Saturdays each month for full-day learning sessions. During the summer they participate in extended retreats or expeditions that focus on different theme each year.
